

Petition RE: Lynbrook Railway Station

To the Legislative Council of Victoria:

The Petition of certain citizens of the State of Victoria draws to the attention of the Legislative Council the urgent need for the construction of Lynbrook Railway Station.

The petitioners therefore respectfully request that the Legislative Council of Victoria demands that the Brumby Labor Government and Minister for Public Transport, Lyn Kosky **construct the Lynbrook Railway Station on the Cranbourne Train Line before 2010 to better serve the new and existing housing estates including Lynbrook, Lynbrook Heights and Hampton Park.**

This will help to alleviate car parking congestion at neighbouring train station car parks.
